

Stephanie M. Harris

Medical Professional Liability
Department Manager/
Senior Account Manager, CISR

Stephanie has more than 25 years in the Professional Liability Insurance field. She is currently responsible for the management of medical professional liability sales and service at Insurance Partners. Her role is to provide top-notch service and build strong relationships with the physicians and practice managers.

She says, "Having worked 20 years on the corporate side of insurance, I have special understanding of the underwriting issues from a carrier's standpoint. So I bring to our clients the ability to see their needs as an agent and, also, marry these with the company's point of view. As a leading independent agent, we work with the very best insurers offering top-of-the-line coverages at excellent prices. If it becomes necessary to move coverage to a different carrier, we can choose from a wide range based on select client needs. This shows the extremely high level of service that Insurance Partners can offer."

Stephanie started in the professional liability insurance industry in 1980 at PIE Mutual, working there 17 years and rising to become Assistant Vice President of Underwriting, responsible for underwriting management in Northeast Ohio, Kentucky and Indiana. She joined MRSC in 1999 which then merged with Insurance Partners in 2007. Stephanie achieved her CISR (Certified Insurance Service Representative) designation in 2007.

Stephanie believes, "Through my knowledge, experience in the industry, and a commitment to personal relationships, I have helped to grow the professional liability side of our business. Our select group of market providers can bring effective solutions for our clients, especially in our medical professional liability programs. Underwriters know and trust us. Physicians and practice managers know and trust us too. It is a wonderful opportunity for both sides, with Insurance Partners working closely to bring these parties successfully together."
