

'Protecting Your Life's Work'

Medical professionals have unique insurance needs. We can create a program to fit your needs by providing the right coverage. A properly designed program does not have to cost you more, but an improperly written policy can cost you everything.

Allow us to review your current insurance and we'll deliver innovative solutions that will protect your valued medical practice.

Please contact Tamara L. Bogner, CIC at 800-229-5266 ext 246, or 330-418-8353 (cellular), or email tbogner@mrscins.com today for a no-cost consultation of your medical malpractice needs.
