Terence Isakov, M.D.

Chairman
New Family Physicians Associates, Inc.
Family Practice Group

New Family Physicians Associates is a twelve physician group practice located in Lyndhurst, Ohio. Dr. Isakov has been active in the practice of primary care medicine for more than 30 years. He received his medical degree from the

University of Pretoria in South Africa and received a Diploma of Obstetrics from the Royal College of Gynecologists and Obstetricians in Great Britain.

According to Dr. Isakov.....

“Dick Myers and the team at Insurance Partners Agency have helped save us money for our professional liability insurance needs, by obtaining competitive pricing. They have served us well, even when the market for medical professional liability insurance became unfavorable and our carrier went bankrupt. With their access to all of the markets, Insurance Partners Agency was able to secure a comprehensive professional liability policy with another carrier.

The agency has been very responsive to our needs, and is available on a 24/7 basis. They have advised us on how to handle several delicate situations throughout the years, which has been an invaluable service.

In addition, the agency provides many other personal and business related offerings to address any insurance requirement that we may have. Insurance Partners Agency is an excellent organization that I highly recommend to other physicians for their medical professional liability and related insurance needs.”
