The company provides patients with access to 23 different medical specialties.*

Mr. Wiedt says...

"We have enjoyed our relationship with Insurance Partners Agency and their team of experts in the professional liability insurance field through the years. Our team of physicians is covered by a program that has been set up and provided through the Insurance Partners Agency. Several years ago, the market for providing medical professional liability insurance in Northeast Ohio hit a rough period. A key provider at that time became 'disinterested' in Northeast Ohio, which had an effect on our practice.

Dick Myers and his team at Insurance Partners Agency helped us through this difficult time, and they were able to obtain medical professional liability coverage for us with another solid carrier, and very importantly, at competitive rates! They have brought together the resources of risk management and also combined this with claims management for our practice, including an element of self-insurance for our specific needs. We look forward to continuing our relationship with them in the future."
