

Lawyers Professional Liability Insurance

An Affordable Program
with Choices for Every Need

“What’s important to you in your professional liability program?”

It seems a simple question; one that is usually answered with a statement such as “I want to have peace of mind that I am properly covered if a claim should arise.” But is it really that easy? It should be, and we can make it so!

MRSC Insurance Partners can tailor a program to address the unique risks that your practice faces today. Our expertise allows us to analyze your areas of practice and firm profile to determine which carriers offer the most comprehensive coverage at the most competitive rates.

“As an independent agency, we work with all the major insurance providers, ensuring that we can offer the best coverages at the most attractive prices.”

Is that all there is to it? No. Not with MRSC Insurance Partners. We go well beyond just “selling you a policy.” We strive to be your outsourced Risk Manager.

We assist our clients in managing their exposures... some that they may not even be aware exist. We offer superior service. No more waiting for your broker to get back to you for a simple request... our team is always ready to assist you. We provide you with the options and information necessary for you to make an informed decision on your insurance program. We work with you to keep you updated on changes in the industry that could impact your coverage, and suggest ways to structure your policy for maximum protection.
